

BIOGRAPHICAL SKETCH

Provide the following information for the key personnel and other significant contributors in the order listed on Form Page 2.
Follow this format for each person. **DO NOT EXCEED FOUR PAGES.**

NAME Richard A. Rawson, Ph.D.	POSITION TITLE Associate Director of ISAP		
eRA COMMONS USER NAME RAWSON2			
EDUCATION/TRAINING <i>(Begin with baccalaureate or other initial professional education, such as nursing, and include postdoctoral training.)</i>			
INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	YEAR(s)	FIELD OF STUDY
University of Vermont, Burlington, VT	B.A.	1970	Psychology
University of Vermont, Burlington, VT	Ph.D.	1974	Psychology

A. Positions and Honors**Professional Experience**

1980 – 1983: Director of Clinic Operations, Community Health Projects, Inc., West Covina, CA
 1983 – 1998: President and Chairman of the Board, Matrix Center, Los Angeles, CA
 1985 – present: Associate Research Psychologist, UCLA Department of Psychiatry, Los Angeles, CA
 1988 – 1998: Executive Director, Matrix Institute on Addictions, Los Angeles, CA
 1995 – present: Associate Director, UCLA Integrated Substance Abuse Programs, Los Angeles, CA

Research Activities (Selected from a list of 40)

Principal Investigator, Pacific Southwest Regional Addiction Technology Transfer Center (ATTC). Funded by CSAT. \$2,200,000, 2002-2007.

Principal Investigator, An Expansion of the Drug Abuse Early Warning System to include Data Collection in Egypt. U.S. Department of State: Middle East Regional Cooperative Grant to UCLA. \$500,000, 2002-2004.

Principal Investigator, A Drug Abuse Warning System for Israeli and Palestinian Communities. U.S. Department of State: Middle East Regional Cooperative Grant to Friends Research Institute. \$500,000. 2001-2003.

Co-Principal Investigator. (Patricia Marinelli-Casey, PI) CSAT Methamphetamine Special Studies Contract \$5,750,000. 2001-2004.

Co-Principal Investigator. (Barry Lester, PI) Prenatal Effects of Methamphetamine. NIDA Grant to Brown University with UCLA serving as a subcontractor for site coordination and data management. Subcontract \$880,000, 2001-2006.

Principal Investigator, NIDA Methamphetamine Medication Network. NIDA Contract to UCLA \$15,000,000. 2000-2005.

Co-Principal Investigator, (Natasha Brown, PI.) CSAT Practice Research Collaborative. \$200,000. 2000-2001

Co-Principal Investigator, UCLA Node of the NIDA clinical trials network. NIDA Grant to UCLA, \$11,000,000, 1999-2004.

Principal Investigator, Factors influencing the use of naltrexone for alcoholism. A Robert Wood Johnson Foundation Grant awarded to Friends Research Institute, \$340,000, 1998-2001.

Co-Principal Investigator, Coordinating Center for treatment for methamphetamine dependence. CSAT Grant to UCLA, \$2,400,000, Oct 1998-Sept 2001.

C. Research Support.

Ongoing Research Support

RAWSON, R.

H210108 (Anglin, Rawson), UCLA

03/09/99 - 02/29/04

Los Angeles County

Los Angeles County Evaluation System (LACES)

The major goal of this project is to develop, implement, and maintain an ongoing treatment process and outcome monitoring and evaluation infrastructure for the countywide system of alcohol and drug treatment and recovery program services and to assess outcomes at various levels for clients, programs, cross-systems, and communities.

N01DA-0-8804 (Newton, Rawson), UCLA

02/07/00 - 02/06/05

NIH/NIDA

Clinical Trials Operations

The major goal of this contract is to support a laboratory for inpatient medication studies and a clinical trials program. Both will be aimed at developing new treatments for drug dependence.

1 U10 DA13045-02 (Ling), UCLA

09/30/99 - 08/31/04

NIH/NIDA

NIDA Clinical Trials Network: UCLA Research Node

The major goal of this project is to conduct and participate in behavioral, pharmacological, and combined behavioral and pharmacological treatment trials for drug abuse dependence and to conduct research on treatment practices within and across the NIDA Clinical Trials Network Nodes.

270-01-7089 (Marinelli-Casey), UCLA

10/01/01-09/30/04

SAMHSA/CSAT

Methamphetamine Abuse Treatment – Special Studies

The major goal of this project is to assess the feasibility and outcomes generated by a technology transfer of the Matrix treatment model for MA abuse into community based treatment programs and to compare outcomes of the treatment as usual at each site.

1UD1 TI13594-01 (Rawson)

03/31/02-03/30/03

SAMHSA/CSAT

The Pacific Southwest Addiction Technology Transfer Center

The major goal of this project is to help service providers in the community to efficiently produce optimum outcomes by disseminating knowledge about state-of-the-art treatment practices and their delivery, seeking to effect changes in practice among community-based treatment providers.

00-00118 (Rawson), UCLA

03/01/01 - 06/30/02

State of

California/Dept of Alcohol & Drug Programs
Integrated Substance Abuse Programs (ISAP)

The major goal of this contract is to provide to the State of California policy relevant reports derived from data analysis and interpretation on existing data sets, drug abuse information to researchers, policy makers, service providers, and members of the general public, and policy papers on drug prevention issues.

DA13114-03 (Prendergast)

09/30/99 - 08/31/04

NIH/NIDA

Evaluating Voucher-Based Contingencies in a Drug Court

The major goal of this project is to evaluate the effectiveness of using redeemable vouchers to reinforce abstinence and other positive behaviors among participants in a drug court.

1 UD1 TI12905-01 (Rawson), UCLA

09/30/01-09/30/04

SAMHSA/CSAT

Los Angeles Practice Improvement Collaborative (LAPIC)

The major goal of this project is to expand current Africentric Motivational Interviewing (AMI) training activities to new sites, to facilitate the incorporation of the Addiction Severity Index (ASI) into existing community-based treatment practices, to assess the feasibility of implementing a treatment improvement protocol, to field test the Spanish version of the Matrix Model to determine its appropriateness for use by various Latino subgroups, and to expand LAPIC membership.

71276058985 (Rawson)

9/25/01-8/30/02

Emma

Pendelton

Hospital

Prenatal Exposure to Methamphetamine

The major goal of this project is provide data management services, including development of data entry systems, training, and quality control at four data collection sites.

1 U01 DA16211 (Prendergast)

10/01/02 - 09/30/07

NIH/NIDA

The Pacific Coast Research Center Of the NIDA CJ-DATS

The major goal of this project is to collaborate with other CJ-DATS Research Centers in developing and evaluating system-level interventions for drug abusing offenders in prison and on parole.

5 T32 DA07272-11 (Anglin)

09/30/91 - 06/30/06

NIH/NIDA

UCLA Drug Abuse Research Training Center

The major goal of this project is to maintain a comprehensive, multidisciplinary training center that provides pre-doctoral and post-doctoral students with knowledge of drug abuse issues, research techniques, and practical research experience in areas of psychosocial research, clinical treatment research, or neurobiology.

Completed Research Support

1 UD1 TI11440-03 (Anglin)

09/30/98 - 09/29/01

SAMHSA/CSAT

Methamphetamine Treatment: Coordinating Center

The major goal of this project is to develop and implement the Coordinating Center for the SAMHSA/CSAT multi-site initiative for the treatment of methamphetamine dependence through a collaborative effort between the UCLA Drug Abuse Research Center and the Matrix Institute on Addictions.
